OESP Welcomes You to the Fall Heating Season

It has been quite some time since we have all been together. We all miss our in-person meetings and look forward to a time when we can all see each other. I am happy to see that many of you have seen each other in small groups, as is appropriate during these uncertain times.

We are always looking for new service managers and technicians to join the Association. Do you have friends or colleagues who would benefit from membership in OESP? Bring them along to a fall meeting. It is more important than ever to continue to grow our great Association and educate the next generation of industry professionals.

If you have friends who want to give us a try, bring them along to a local meeting and their dinner is "on us."

New members can join now and get a "nearly 2 for 1" on the upcoming heating seasons. They will get the remainder of 2020 and all of 2021 included in one price!

On the business side: your membership dues invoices for 2021 will be going out shortly.

If you pay your dues electronically, you will receive an email with instructions to pay your bill online. Your invoice will be delivered to your email. Simply click the link – your link is unique to you, so no login will be required. If you receive your invoice by mail, please send us your email address so that we can save a few trees and email you your invoice.

OESP is always looking for people who are interested in making a difference in their career and this great Association. One of the ways is by providing networking opportunities to help grow your business.

Everyone wants to work with people who they know and trust, so get involved in your local chapter and experience the difference it will make for you. Please contact OESP HQ or your chapter president to learn how you can make a bigger difference.

We would like to thank our loyal and generous advertisers for their support this year.
